CAREER OBJECTIVE

Final-year Computer Engineering student with hands-on experience building full-stack web applications using the MERN stack. Seeking internship and full-time opportunities to apply and grow my skills as a developer.

EDUCATION

V.J. High School, Nandgaon

SSC (10th) - 86.20% (2020)

Arts, Commerce and Science College, Nandgaon

HSC (12th) - 65% (2022)

Pravara Rural Engineering College, Loni

BE, Computer Engineering - SGPA: 7.33 (Expected 2027)

INTERNSHIP EXPERIENCE

Software Developer Intern — Exaltasoft Solutions, Pune Jan 2026 (1 Month)

- Trained in software development concepts; worked on practical assignments and real-time projects.

Trainee Developer (AI & ML) — iBase Electrosoft LLP Jan - Feb 2026 (10 Hrs)

- Gained hands-on exposure to Artificial Intelligence and Machine Learning fundamentals.

TECHNICAL SKILLS

- Web Development — (MERN) Full-Stack Development
- Frontend: ReactJS, JavaScript, TypeScript, HTML/CSS, SCSS, Bootstrap, Tailwind, Figma
- Backend: Express, NodeJS, REST APIs
- Database: MySQL, MongoDB, Redis, Postgresql
- Cloud & Tools: AWS, Git, GitHub, Docker, MS Office, Postman, VS code, IntelliJ IDEA

PROJECTS

GSAP Portfolio — React + GSAP — [Demo](#)

AUG 2026 – SEP 2026

- Improved animation smoothness by 30% through transform-based rendering, will-change optimization, and GPU-accelerated effects, while optimizing asset loading and code-splitting with Vite to reduce initial bundle size .

SOEN — React + Socket.IO + GenAI — [Demo](#)

AUG 2026 – SEP 2026

- AI Software Engineer Realtime chat application, AI code generation using Google Gemini AI, In-browser execution Generated (or edited) files are mounted into a WebContainer, JWT-based authentication.

CERTIFICATIONS

- Internship Completion Certificate — Software Developer Intern, Exaltasoft Solutions
- Certificate of Completion — Trainee Developer (AI & ML), iBase Electrosoft LLP (Skill India / MSME recognized)
